## ScienceMONTGOMERY

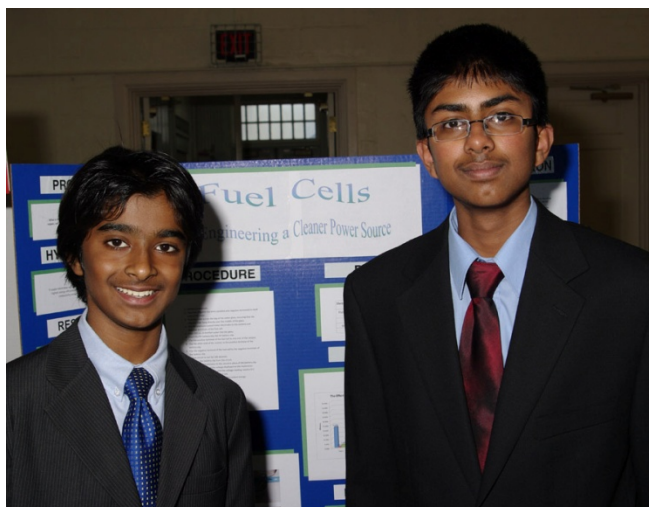

- *ScienceMONTGOMERY* is one of the largest science fairs in the U.S.
- Every year hundreds of students from our area's public and private schools are eligible to win a multitude of awards at the Fair.
- The Fair is affiliated with the Intel International Science and Engineering Fair (ISEF), whose regulations are followed for safe scientific research.
- Prizes include cash, scholarships, bonds, and internships provided by more than 60 area companies.
- Over 200 volunteer judges represent many of the area's premier science and technology organizations.
- *ScienceMONTGOMERY* is an all volunteer, 501(c)(3) organization which relies on private funding to produce the science fair every year.

"This whole experience helped to open doors and inspired me to pursue a career as a physician-scientist where I take concepts from the lab bench to the patient bedside and back again."

-Dr. Daniel Kraft

*ScienceMONTGOMERY ISEF Prize Winner: 1985, 1986*

*ScienceMONTGOMERY's mission is to stimulate excitement about science, celebrate science in the community, to go beyond testing to encourage asking questions and validating discovery*

## *ScienceMONTGOMERY* needs your element of support for the 59th Annual Montgomery County Science Fair!
